1. You are requested to meet with the Advanced Intelligence Seminar on Friday, 19 June 1981 from 1430 to 1530 hours in the DCI Conference Room.

2. The Advanced Intelligence Seminar is a two-week program for 20 officers selected from each of the major components within the Agency. The Seminar deals with key issues, particularly in the foreign policy and national security field. The grade level of officers attending the Seminar is GS-13 through GS-15. The average participant has had approximately 15 years of Agency experience. Overall, the class includes area analysts, field officers, scientific and technical specialists, and administrative and support officers. Previous seminars have requested Agency management views be included in the Seminar--specifically, the Deputy Director of Central Intelligence. We would appreciate it if you could spend an hour with the Seminar and share with them your views and perceptions for the coming year.

3. We recommend that you address the group for about twenty minutes, leaving the remainder for questions.
